

2018 Primary Election

ENDORSEMENT GUIDE

5.29.2018

The outcome of the 2018 midterm elections will be pivotal on issues of access to health care and protection of reproductive rights. We know it can be overwhelming when trying to determine where candidates truly stand on the issues. It is our goal to help you know where candidates stand on issues such as health care, abortion, birth control, and more.

ABOUT OUR ENDORSEMENTS

By affecting policy makers through electoral and non-electoral activities, Planned Parenthood Advocates of Michigan (PPAM) works every day to protect and enhance the ability of Planned Parenthood to deliver reproductive health care services in our state. We base our endorsements on voting records for incumbent candidates and a comprehensive candidate questionnaire.

- PPAM gives endorsement preference to incumbents with a 100 percent favorable voting record.
- Candidates who have no voting record shall receive an endorsement only after favorable review of their comprehensive candidate questionnaire.
- We invite all candidates, regardless of party, to return a questionnaire and apply for our endorsement. The following list of endorsements and favorable ratings are for candidates that have proactively returned questionnaires.
